

**GEL DIAMOND  
PUTTER**

Groove, schmooze. GEL putters groove with unique horizontal grooves replacing the traditional C Grooves to improve topspin roll. It's got a nice, space-agey look to it plus great colours on the grip. Hopefully, all these can help you with the yips. If not, nothing else can.

**\$5299 (range of 6 designs),  
available now at all Heritage  
Golf & Sports outlets.**
