

GEL Putters

The latest putter to take the Asian Tour by storm features an aluminium insert with precision milled grooves to help create more top-spin while putting for increased accuracy and control. All GEL putters also feature a soft, 431 stainless steel construction with a glare-resistant Black Nickel finish. GEL putters come in a variety of models that range from classic shapes to high moment of inertia designs. **Retail Price: \$289** at all Heritage Golf outlets.
